

Cape Verde Islands, 9 to 16 November 2019, from Mindelo, Sao Vicente

I am proposing a cruise among the Cape Verde Islands, starting from the principal port and famous yachting centre at Mindelo. Depending on the weather, the itinerary should include the unspoilt island and historic capital, Sao Nicolao and the nature reserve at Santa Luzia. According to the weather and the inclination of the crew we may venture as far as the coffee-growing, active volcano island of Fogo, which would mean an overnight passage. Wherever we go, fish life will be abundant and fresh tuna will be on the menu. We can expect warm weather and good winds. Of course, we will enjoy the very special local music of Cape Verde.

The boat : a Dufour 455 or similar,

Charter price : about €2 400 per week.

Joining instructions : Return TAP Flights to Mindelo from Brussels are currently €360 on the charter dates, but I recommend spending a few days on Sao Vicente before or after the charter.

PAF : Depends on participants, aiming at 6 participants so €400.00 per person + caisse de bord (food, fuel, incidentals) **Contact :** kr.patterson@yahoo.be
